Features

- ✓ Straight line and circle cutting ability.
- ✓ Stepless Drive System, maintaining constant travel speed even under high temperatures conditions; ensuring stable trouble free cutting.
- ✓ Light weight 9.5kg - easy to carry and use.
- ✓ Modular straight "industry standard" rail; ordered separately. (PCSRAIL)
- ✓ Harris accessories will fit i.e. twin tip for stripping.
- ✓ Torch can be easily changed between different fuel gases with Oxy/Lpg the most popular.
- ✓ Comes with 3 cutting tips.
- ✓ Torch/hose/valve block has been changed to Australian colour/threads. (Not Shown in Photo)

"Harris Plus"

The Harris plus is a more portable & lighter version, designed with the same precision and capabilities as the Super model. It is easy to see the quality when you view the machine and examine the finish and quality of the parts.

The quality of this machine will be a highlight for years and will more than make up the difference between this product and poor quality copies.

Don't Gamble.....Choose Harris Quality
